Happy New Year my dear Ana!

In this New Year, I sincerely wish you happy and prosperous, good news come to you every day of the year! I also wish our dream will come true – we will live together and travel around the world. We will travel to the highest mountain (like the one on my profile picture ;- ) ), ski the deepest hill in Whistler, eat the real sushi in Japan, & say hello to Mickey Mouse in Disney world. :-)

How was your new years eve? Did you countdown the New Year in the city centre with your friends or at home with your family members? Did you see any fireworks? On New Year's Eve, we went to Applebee's in the City Centre Mall to enjoy a delicious celebratory meal. Then we went back to our villa and count down with some of our new neighbors. It was really great except we couldn't drink any beer. :( They don't allow people to drink alcohols in the country! :(

Haha, Arabic culture is indeed very interesting! I don't know if it's considered to be rude to show heels when you are in sandals. Maybe I should test it? What I find lately is that the older people here need to pray 5 times a day! They need to pray at 5:30 in the morning, then at noon, in the afternoon, before sunset, and in the evening. They treat each prayer very seriously. Every time before they pray, they need to wash their hair, face, hands all the way to elbow, and legs. Then they bowl down to pray to \*Ala\*, their God. When it's time to pray, most of the radio stations will stop whatever they are broadcasting and play prayer music. Many people go to a \*Musk\* to pray. \*Musk\* is their church. Some shopping malls here even have prayer rooms for people who need to pray. I will show you the pictures when I come to you! Also, they don't eat pork at all! In fact, pork is not allowed to exist on their ground. One of my Arabic friend said, if a man is in a desert with a dog and run out of food, the man can pray to \*Ala\* and eat the dog; but if he is in a desert with a pig, he will have to die rather than eating the pig because they are not allowed to eat pig no matter what. What a strange idea!;-)

The young women here are not necessarily required to wrap in black. Some of them dress in modern fashion clothes so they look nice. ;-)

Don't worry my dear. I am going to stay with you for two weeks. Hopefully you will finish your exam soon. I look forward to this day, too. But to tell you the truth my dear, I am a little bit nervous, too because this is going to be my first time to travel to a completely new place alone without knowing any

of the language. ;-) But I have full faith in you and I believe the staff here will try their best to help me out. ;-) I am sure everything will turn out fine! So don't feel nervous my Ana. ;-)

My dear, I felt the twelve kisses on my cheeks and lips! In return, I will put 17 kisses on AnaGo's lips. 17 represents the days until I can see you. When you hold her in your arms to go to sleep tonight, I hope you will feel my kisses. ;-)

Happy new year to you again my dear!

Yours truly,

Calvin
