Dear Ana,

Your new photos are good enough. I don't need to trouble you to hold apples anymore, although they may look very nice with you.

We don't have mice at home. We used to keep cats, lots of cats. In fact, our family has had cats ever since when I was very little. I remember one of our cats gave birth to 6 little kittens in one day!

Awww...how thoughtful of you to keep the little mouse accompanied! Actually I found my sister's hamster is getting fat because she's just eating and sleeping all day long. I need to find her a boyfriend soon.

Ana, after reading your emails, I feel you are comfortable to talk with. And you have the certain traits that I am looking for in a woman. As I've been searching for the lady that we can share our lives together, I am willing to take our relationship to the next level. If you wish, it would be my pleasure to invite you to Canada to spend some time together. We will travel to Vancouver, Toronto, and New York. I will show you around my university and other famous universities. You will show me how to play Backgammon. We will get to know more about each other on our trip and I hope that I will find the love of my life in the end.

I sincerely look forward to your reply.

Yours truly

Calvin
